

Joyce Bassett DDS, FAGD.

Volunteer Dentist of the Year

**CASS Dental Clinic
For the Homeless**

Dr. Bassett has been treating the homeless since CASS Dental Clinic opened its doors on January 1, 2001. Dr. Bassett focuses on homeless women who have been victims of domestic violence. Dr. Bassett is also adjunct faculty at the Arizona School of Dentistry and Oral Health. When she works on the homeless patients, she also instructs the dental students. The homeless patients get world class “Smiles by Joyce” and the dental students get an education that only a practitioner at Joyce’s level could provide.
